A comprehensive [menu](#) of Sagar Indian Cuisine from [Carleton Place](#) featuring all 83 meals and drinks can be found here on the menu. At the renowned Indian restaurant, diners encounter a mixed bag of experiences. While many praise the authentic flavors and attentive service, others express disappointment with dishes like butter chicken and chicken tikka masala, which were criticized for lacking flavor and authenticity. Patrons have noted the welcoming staff and pleasant dining atmosphere, yet some find the prices steep, particularly when orders are incomplete. Despite these inconsistencies, a handful of customers cherish the culinary offerings and the passion evident in the meals, highlighting a strong dedication to quality that sets this establishment apart from the more generic options in Ottawa.
